

Agility

Basic Obedience and control of your dog is a prerequisite for Agility.

Beginner & Novice Classes: We start you & your dog off by safely introducing the obstacles, teaching handlers and dogs to work together as a team and teaching you how to run short sequences of obstacles.

Intermediate: For dogs & handlers that have completed one or more beginner sessions. We improve your timing and skills on all obstacles. Handlers learn how to guide their dogs from a distance and position themselves for best performance.

Advanced: For handlers and dogs who are ready to compete in trials. We develop in you the skills enabling dog and handler to move through the courses with greater speed and accuracy.

Classes require the discipline to train your dog every day during the session.

These classes are not designed for children under 13 years of age.

Browse to TylerOTC.org for current class schedules.

Bring your dog & vaccination records (not just a tag) to the 1st class proving DHP-Parvo & Rabies protection.

Whether your dog needs behavior, obedience or activity training, Tyler Obedience Training Club has the knowledge to put you and your dog on the road to success!

At TOTC, we use a variety of behavior modification techniques. Using rewards & corrections, you will learn how to communicate with your dog quickly and effectively to encourage the behaviors you want to keep.

Tyler Obedience Training Club is an all-volunteer nonprofit organization licensed by the American Kennel Club® and the United States Dog Agility Association® and actively promotes responsible dog ownership.

Puppy Class

Teaching your puppy good manners is not as difficult as you might think! We teach you how to have a well-behaved puppy using very basic obedience with lots of activity, positive motivation and fun for both you and your pup.

Your 8-week to 4-month old puppy will learn how to socialize with other pups and how to sit, stay and come when called. This session also emphasizes proper care, grooming, handling, and house training.

After this six-class session, we recommend moving up to the Pet Training Session where you will learn even more about how to have a calm, friendly and productive member of the family.

Pet Training

It's never too late to start training your family dog! In this eight-class session you & your dog will learn all the things that a "good dog" needs to know to be a calm, productive family member, including:

- Walking on leash
- Sitting & lying down when told
- Greeting humans & other dogs
- Good grooming behaviors, and
- Learning to come when called.

Completion of this session gives you and your dog the tools to participate in the AKC Canine Good Citizen Test.

No matter what size or age the dog, they will benefit from this basic obedience training so they may move up to other activities such as Advanced Obedience, Rally or Agility.

Advanced Obedience

Invest in training your dog!

Whether you want an obedience champion or just a well-behaved family dog, you've come to the right place.

Advanced Obedience goes beyond the basics emphasizing competition obedience training for the Novice Class in AKC or UKC. This includes fronts, finishes, footwork and off-lead commands.

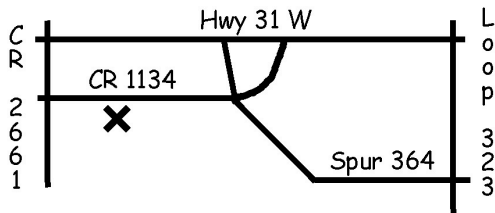

At TOTC you are sure to improve your dog's reliability and meet your personal goals.

If competition obedience is your goal, we also train Open and Utility Class in AKC and UKC.

Rally

Rally is a combination of obedience & agility. Performing obedience routines on an agility type course. You are encouraged to talk to your dog and urge them on to have lots of fun in an AKC titling event.

TOTC instructors will teach you and your dog how to compete with the best in Rally Obedience!
